

# Dengie Pure Grass

## USEFUL INFO:

- Pure Grass is a naturally nutritious 100% chopped grass feed with absolutely nothing else added. A truly versatile, high fibre feed suitable for horses, ponies and other animals.
- Made from pure British grown grasses including Fescue, Rye and Meadow Grass
- Pure Grass is soft, easy to chew and naturally sweet – highly palatable, for tempting fussy eaters
- 100% natural – free from artificial flavours, preservatives, alfalfa, molasses, coatings and straw
- Flexible feeding – Pure Grass can be used as a forage replacer or as part of the bucket feed
- Suitable for horses, sheep, cattle, goats and alpacas
- One large round scoop holds 300g
- 15kg bale, 8 months shelf life

## FEEDING GUIDE:

As Dengie Pure Grass is a straight feed it can be fed in any amount depending on the animal's requirements. A handful can be used to mix with daily supplements or it can be fed ad lib as a hay or forage replacer. If you are using Pure Grass as a complete hay replacer, horses require 2 to 2.5% of their bodyweight per day on a dry matter basis.
